

WWZ Research Seminar

Faculty of Business and Economics, University of Basel

Tuesday, March 23, 2021, 12:30 pm, ZOOM

## Prof. Anna Dreber Almenberg, Stockholm School of Economics

“(Predicting) replications”

### **Abstract**

Why are there so many false positive results in the published scientific literature? And what is the actual share of results that do not replicate in different literatures in the experimental social sciences? I will discuss several recent large replication projects on direct and conceptual replications, as well as our studies on “wisdom-of-crowds” mechanisms like prediction markets and forecasting surveys where researchers attempt to predict replication outcomes as well as new outcomes.

*All seminars are open to the public and take place via Zoom, hybrid, or on-site (subject to change). Non-faculty members, who would like to register for the seminars, please send an email to [forschungsseminar-wwz@unibas.ch](mailto:forschungsseminar-wwz@unibas.ch).*

*For updates (abstracts etc.) kindly visit <https://wwz.unibas.ch/en/research-seminar/>*
