

**University
of Basel**

Faculty of
Business and Economics

The Accounting Section of the Faculty of Business and Economics of the University of Basel invites applications to fill vacant positions for

Postdocs or Doctoral Students

with a tentative specialization in

Economics of Accounting

Does generating high quality research output that meets international standards sound appealing to you? Then this might be just the thing for you.

As a member of the Analytical Accounting Group in Basel, you will benefit from the doctoral education program of our university and its partners (for more information visit www.dar.uzh.ch/en/about.html ; postdocs will be associate members). You will get the opportunity to present your work in internal workshops on a regular basis. The position also involves a limited amount of teaching and providing teaching assistance.

Having earned either a Doctor's or a Master's Degree with a focus on Accounting, Economics, or Finance, you should also have a background in analytical methods (mathematics, game theory, and/or contract theory). Excellent writing and communication skills in both English and German are a further requirement.

As a small team of dedicated academics, we foster a feedback culture that is both considerate and straightforward. Achieving the quality levels we aim for requires persistency as well as being able to deal with setbacks and to work well under pressure.

Salaries are in line with the recommendations of the Swiss National Science Foundation.

The positions will remain open until suitable candidates are found. For further information, or to submit your application, please email Ms Stefanie Waldburger, st.waldburger@unibas.ch .

Any application should include a letter of motivation, the applicant's CV, and their usual certificates. A letter of reference from a professor or tutor must be sent to us directly by the referee either by mail or by email (as a pdf file).
