About

Peter Oertmann is Honorary Professor of Business Administration, in particular Asset Management at the TUM School of Management.

For more than 25 years, Peter has been active in financial market research in asset management. He has many years in the management and board of companies in Switzerland, and Luxembourg as well as in various businesses. His most significant entrepreneurial experience is at the University of St. Gallen (HSG). He is an innovation leader in quantitative investment. Following the trade sale of the company, he joined the Swiss Raiffeisen Group and Vice Chairman of the supervisory board and advisory mand

chairman, accompanies a technology company that develops investment processes based on artificial intelligence.

Peter holds a PhD in Finance from the University of St. Gallen (HSG), a Master of Arts in Economics from Terry College of Business, University of Georgia, USA, and a degree in Business Administration from the University of Bielefeld. Since 1997, he has been involved in university teaching, initially at the University of St. Gallen and later also at the University of Basel. Since 2008, he has been lecturing at the Technical University of Munich. He is a member of the board of INQUIRE Europe, of the Munich Finance Forum and of the Swiss Society for Financial Market Research. He has published two books and more than 30 articles on asset pricing, portfolio management, alternative investments, and investment strategies in academic and professional journals.
