## **TEACHING / RESEARCH ASSISTANT.**

The position involves a light load, mainly teaching of Central Bankers Courses and grading of problem sets. Working conditions are similar to those of assistants at Swiss universities.

The successful candidate is a graduate student in economics, preferably macroeconomics broadly defined. He/she is strongly committed to his/her research and eager to contribute to the academic environment at the Study Center.

Preference is given to candidates who successfully participate in the Swiss Program for Beginning Doctoral Students in Economics, successfully completed the program or plan to attend the upcoming program. The starting date for the position is summer 2021.

For further information about the position, please contact any of the current assistants or the Center's faculty. Their contact details as well as further information about the Study Center can be found at [www.szgerzensee.ch](http://www.szgerzensee.ch).
