

Progress Meeting

Progress meeting forms are considered part of the doctoral agreement.

Date

Supervisors present

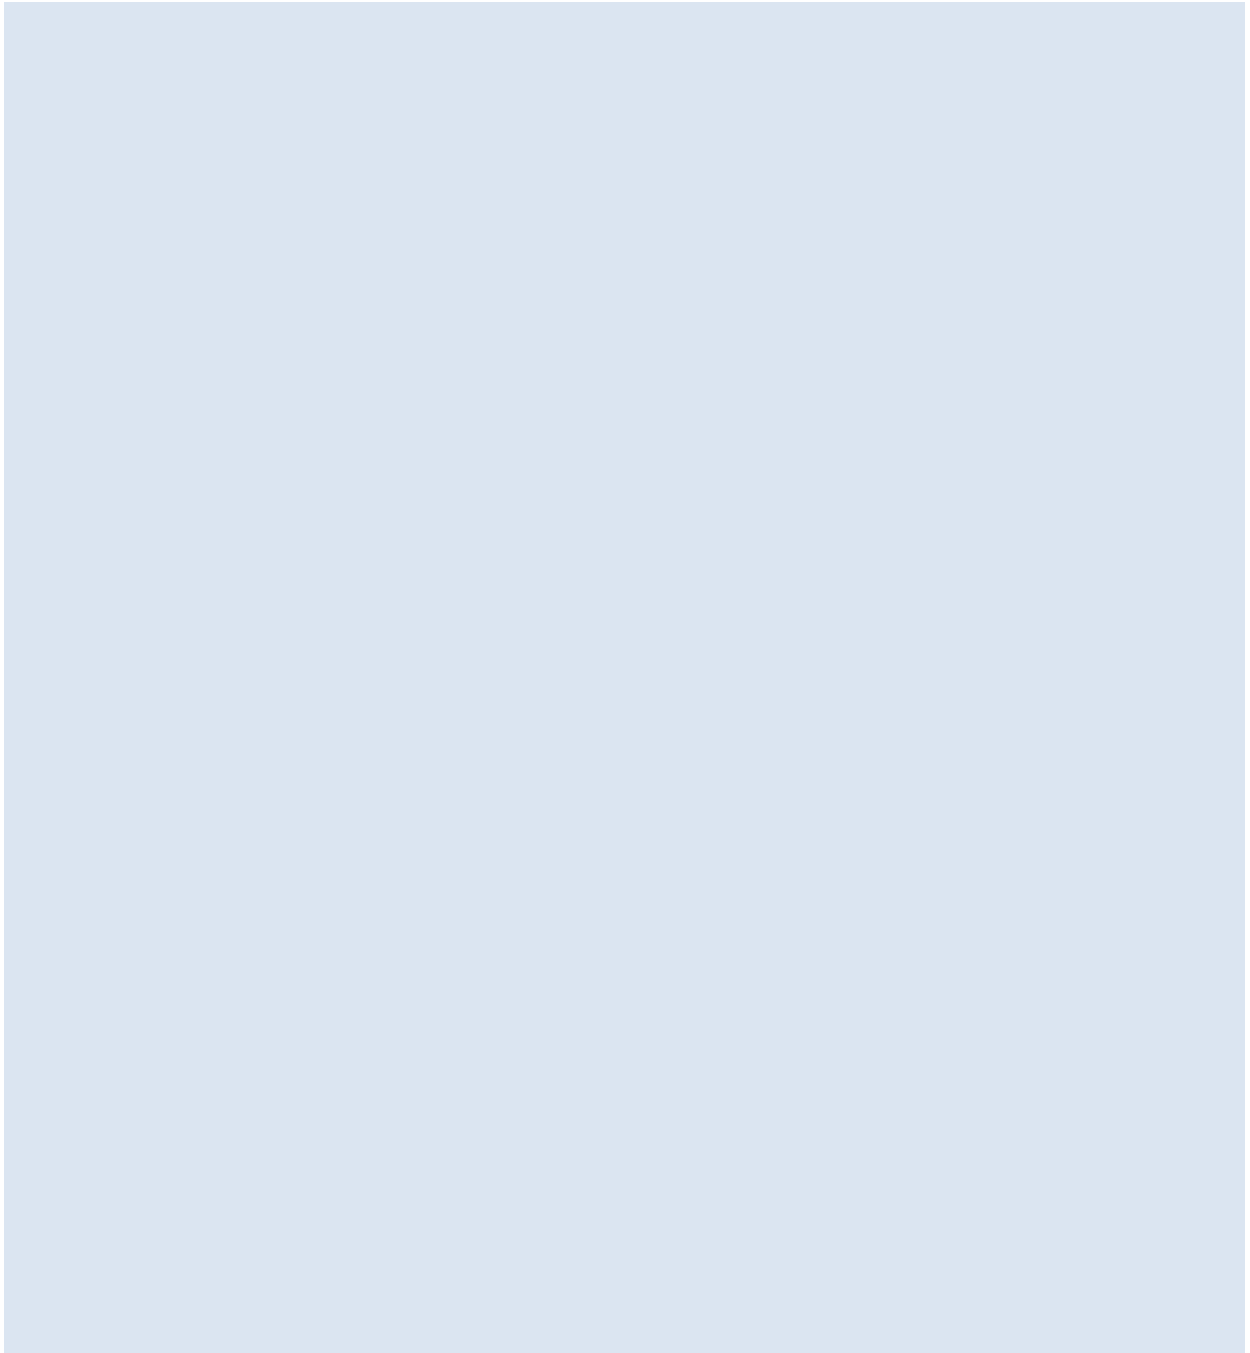

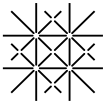

Name, First name

Name, First name

At least one progress meeting a year with the supervisor and, once determined, the whole doctoral committee, is required. Please take this opportunity to open up a dialogue about goals, topics, expected milestones etc. Detailed suggestions of topics to discuss can be found in the study guide. Progress Meeting forms serve as an update to the doctoral agreement.

If the update includes changes to the original course list, this document has to be submitted to the office of the dean of research to be filed alongside the doctoral agreement. In all other cases this is optional, but recommended.
