Our Team

The Rental Issue

How can a contract owner liquify unused rental space easily and flexible?

The Solution

What solutions LIQUISPACE offers and how we tackle the problems.

Easy Marketplace Access

Easy access to an open marketplace
Acquire or offer commercial rental space
Fast processing at optimal prices

Blockchain Based

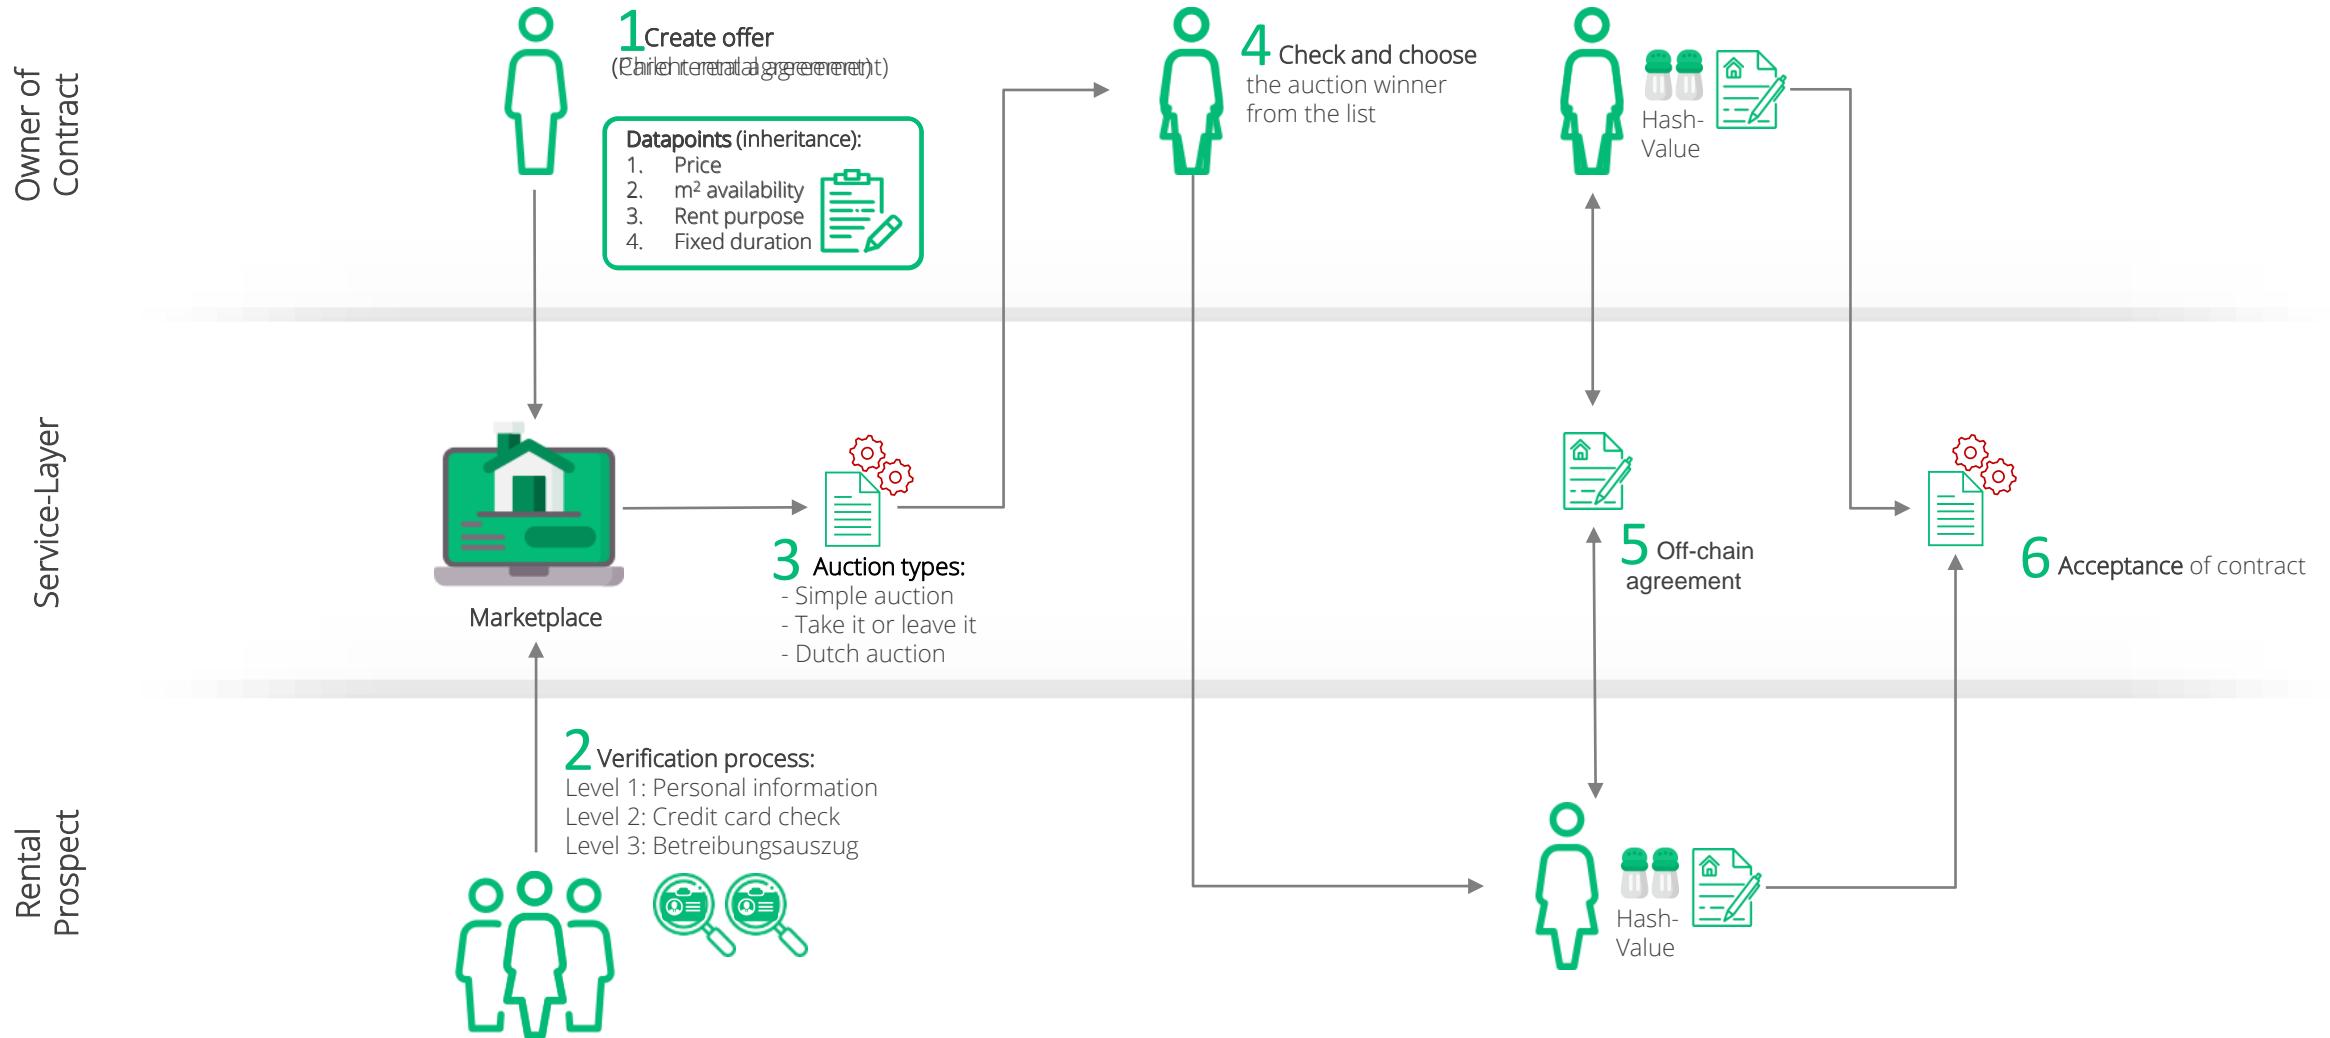

Decentralized verification
Salting and hashing process
Time stamp for validity

Smart Contract

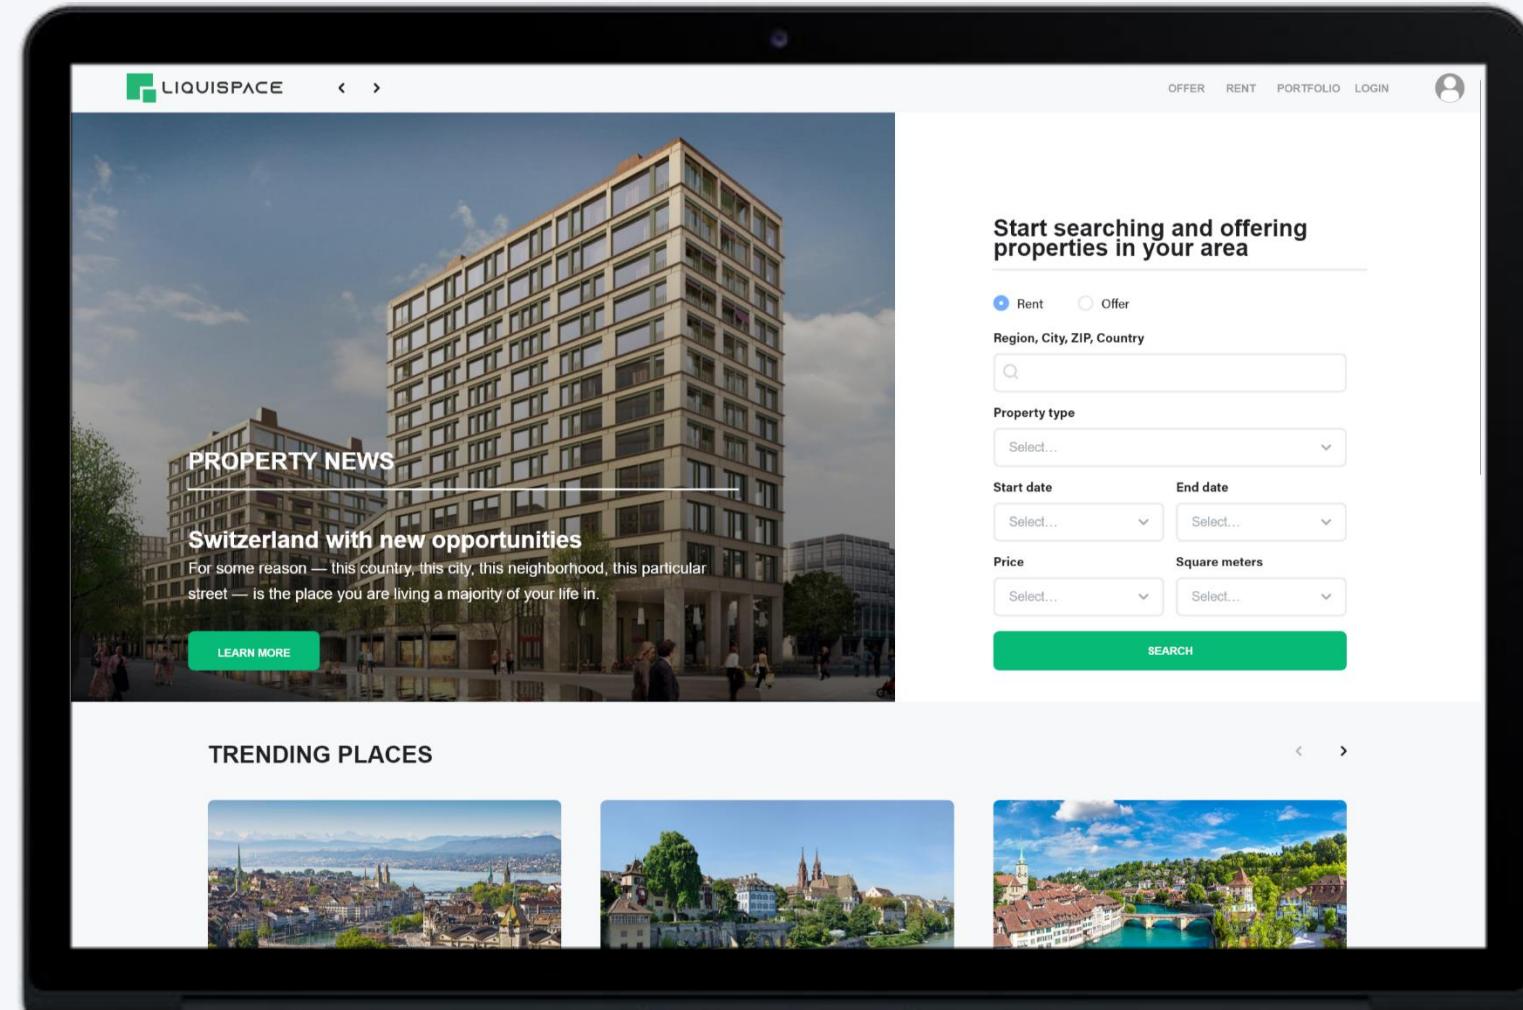

Smart contract-based authentication
Integrated rental auction
Contract signing process

6 Step User Journey

Marketplace Visual Demonstration

The image shows a laptop displaying the Liquispace marketplace website. The website features a large, modern building as the background for the main content area. On the left, there is a "PROPERTY NEWS" section with a headline "Switzerland with new opportunities" and a subtext: "For some reason — this country, this city, this neighborhood, this particular street — is the place you are living a majority of your life in." Below this is a "LEARN MORE" button. On the right, there is a search form titled "Start searching and offering properties in your area" with fields for "Rent" (selected), "Offer", "Region, City, ZIP, Country" (a search bar with a magnifying glass icon), "Property type" (a dropdown menu), "Start date" and "End date" (two dropdown menus), "Price" and "Square meters" (two dropdown menus), and a "SEARCH" button. At the bottom, there is a "TRENDING PLACES" section with three images of scenic locations: a city skyline with a bridge over water, a city built on a hillside, and a town nestled in a valley with a bridge.
