Professional summary

Ph.D. student in the Faculty of Business and Economics at the University of Basel, Switzerland. Having worked in both the private and public sectors I enjoy working on the macro and micro impacts of public policies. I aim to continue exploring how future regulations will shape the economy and more broadly the environment around us.

Experience

- 03/2021 - present **PhD student | University of Basel**
PhD student in the Global and Regional Land use change research group of Basel University. Studying the environmental and economic impacts of biofuels using computable general equilibrium models.
